WORK EXPERIENCE

MEDIA OPERATOR

High-Level Media Company | Doha, Qatar | May 2025 - Dec 2025

Operated and managed LED wall systems and media processors for high-profile live events and corporate productions, ensuring seamless and visually impactful displays. Executed live video playback and precise screen mapping, carefully managing resolution, scaling, and formatting across complex multi-screen setups. Collaborated closely with technical and production teams to coordinate media execution, achieving zero downtime during live broadcasts. Provided real-time troubleshooting and technical support under tight deadlines, consistently maintaining broadcast-quality visual standards throughout each production.

VIDEO EDITOR / MEDIA DESIGNER

ADSBEON | Kerala, India | July 2022 – April 2025

Collaborated with Kerala-based influencers to produce engaging social media content, including promotional videos, product placements, and brand collaborations tailored to target audiences. Edited and delivered high-impact promotional videos, advertisements, and short-form content using Davinci resolve and CapCut, driving increased client engagement and brand visibility. Managed end-to-end post-production workflows for multiple client projects, consistently meeting tight deadlines while adhering to detailed creative briefs. Designed compelling thumbnails, motion graphics, and visual effects optimized for digital platforms, ensuring strong brand consistency and visual appeal. Worked closely with content creators and marketing teams to align video deliverables with broader campaign strategies and performance goals.
